

Spring Family Learning

We hope you are all enjoying your Easter holidays. For this second week of the holidays we have decided to give you a Spring themed challenge every day.

Day 1: Your challenge today is to post a picture on Dojo of something that means Spring to you. This could be a photo of some Spring flowers, baby animals, buds or blossom on a tree, a painting or drawing or a poem. We are sure you can think of many more imaginative ways.

Challenge 2: In year 1 we love looking for secret messages and symbols and message portals. Can you find any secret messages or symbols today? Maybe you can spot some message portals.

Could you leave a secret message or symbol for someone to find? Maybe you could think of your own secret symbol.

I wonder where this portal might lead or who it might lead to?

Challenge 3:

Rosie the Redoaks bear has been out and about in the local area with her rainbow Redoaks peg friends. She has left a rainbow coloured paw print in each location. I wonder if you can find them all and maybe take a picture of yourself with the paw print ☐.

Have fun!

Challenge 4:

How about trying some bird spotting today? What different birds can you see? Did you spot any nests or baby birds?

Maybe you could make a bird feeder. Try sketching the birds you see or try your hand at nature photography.

Challenge 5: Why not have a go at baking? Maybe a family bake off, a spring themed bake or something to use up some Easter chocolate (if there is any left ☐).

We look forward to seeing your bakes.
