

Hello everybody – I just wanted to send you a message because I've really missed seeing all your lovely smiley faces. I'm looking forward to seeing you soon. I have really enjoyed looking at all of your things you've been doing on ILD.

I thought I would just show you a little friend that I've got to come and meet you when you come back to school. Her name is Lucy. You might recognise her from some of the stories that we have read at school.

Anyway keep up the good work – stay safe and don't worry we will let you know when it is safe to come back to school. Take care. Bye.
