

Mrs Storey Beech Y5 Video Transcript

Hey Beech class, how are you doing? I miss you all so so much and wish I could see you but I'm really looking forward to seeing you whenever we can.

Keep all those brilliant messages coming and be so proud of yourselves for how hard you're working. I know it's weird working at home and of course, you haven't got your brilliant teachers with you, but the adults in your life are really doing the best that they can and so are you. Be so proud of yourselves for that perseverance. Well done!

Don't worry if you're not getting everything done. I'm not getting everything done with my children. I do everything that I can with the maths and the English and some days we just don't get it all done or it's a bit too tricky or something else comes up. Just do what you can and be proud of what you're doing. Say a big big well done to yourselves for every single piece of learning that you do and everything that you do around your house as well. Really well done. Keep smiling, get fresh air. We've all got to really do the best that we can to get through this and to keep smiling.

I'm really looking forward to when I do get to see you. We can do some cool High 5s up in the air. Maybe we could jump up and do doubles ones or who knows? But it'll be really great to see each other, won't it?!

Make sure you keep safe and keep everybody in your life safe as well. Give everyone that you can the biggest cuddles and the biggest smiles and give them all your love because we're all here for each other, aren't we?! And we will get through this by being together and being kind.

I don't know when we will all be back but as soon as we know anything, we'll let you know. And just remember how much we're all missing you and we just can't wait to be back with you. Keep that work coming to us, keep your photos and your "hellos" to us. If you've got any questions, you can message us on Dojo directly to Mrs Tinson and I or if you'd like to go through Mrs Surch, there's her email address as well. But any questions, we love. Anything. Any contact at all is great even if it's just to say hello. We love hearing from you.

Okay guys. I can't wait to see you! Stay safe and big high 5s.

Bye
