

Hi Beech Tree class,

As you've probably noticed I am sat in our classroom, it is very very strange and very, very quiet without you and its not the same. Just to say I'm missing you all so incredibly much but I'm super super proud of all the messages I'm getting on class Dojo and all the adds to your portfolios. You're all coping extremely well, and sending lots in so keep it going. If you have any questions don't hesitate to ask me or anything you're not sure of. You are sending lots of work in but don't feel like you have to do all of it as the most important thing is that you are happy and safe. I don't think we are going to see each for a little while yet, it will be a little bit longer sadly. But the most important thing is that you keep going and when we do come back together, whenever that may be, things will be a little different, so as much as I really want to give you a big hug hello when I see you I won't be able to. Maybe we can have a little air high five and a smile from you will be the best thing ever! When we know anymore and when you can come back you'll be the first to know, Mrs Surch will let you know but until then I just want to say keep going keep persevering keep all those learning muscles up; you're doing incredibly well but most important thing like I said is stay happy, Keep smiling and stay safe. Hopefully see you all sooner rather than later, miss you, bye.
