

Hi everyone just a little message from me and Dash. We know that you've been working incredibly hard at home but it's very strange not seeing you everyday in school as we normally would. We have been at home to learning lots and lots of new things just as you have as I've seen lots of things on class dojo please keep sending them we've really like watching the man I know dash does too. A big well done to all of the adults that you are at home with because they are doing an amazing job being teachers and I know that everybody is doing that best at this very strange time. Hopefully we will see you back in school soon. I will be different with different rules and things that we have to do. We look forward to seeing you very very much. Now I said we have been doing some learning while we have been at home too so hopefully I will be able to show you in a minute. But just before I go to can anybody tell me how many continents there are in the world and how many oceans there are? If you can't remember don't forget to you can listen to the song on YouTube- I know your parents will be very pleased I have suggested that. Stay safe we'll see you soon please contact me if there's anything you need on ClassDojo or via email we are here to help. Speak to you soon.

Paw, lay, head.
