

Hi Maple Tree Class.

So, here I am in our classroom in our lovely book corner. I'm missing you all so so much and I'm really really enjoying all the things that you're sending through on Dojo, through the messages, on your profile and any emails that you have send so please please stay in touch and send me anything that you do. I hope you're staying safe and well and happy as that's the most important thing. So I know we are sending lots through to keep you busy but if you don't manage to get it done don't worry at all. Do things that make you happy, baking, colouring, reading, Lego, playing games. Just stay happy and stay healthy.

Now, I know when you come back things might be a little bit different but what I can assure you is one thing that will not change is our smiling faces that will be there to greet you when it's time for you to come back. Okay, so stay safe, stay happy and I look forward to seeing you all very soon.

Bye everyone!
