

Mr Cowell transcript

Hello Mr Cowell here... well as you can see I've not been having any fun dressing up or any having fun while I've been away but I have missed you all a lot.

Good morning Willow class. All hail Surchicus! it is I Martynicus Cowellicus of the Roman 4<sup>th</sup> Legion. Just checking up on you and making sure you are alright. Now I'm really pleased with you for doing all of your work so keep up the good work.

Thanks for doing all of the hard work online don't worry if you can't do it all it's there to keep you busy. The important thing is that you stay happy ...oooh its cold here.

The important thing is that when we meet up again ...I'm sorry ...there can be no hugs but we can do high 5's from a distance or you can make up your own greeting... that would be something exciting to work on.

Now if you got any questions you can get your parents to Dojo or you can... urghhh.... e-mail your Mrs Surchie ....yes...now you have a good time ...take care and it will be very soon when we will be seeing each other again...bye bye ...
